PALLIATIVE  
CARE  
TRANSITION

A PATIENT'S  
JOURNEY

ISSN 1173-2032

**Vol. 15 No. 2**  
**MARCH 2009**

This issue has a focus on oncology and includes a profile of an oncology nurse, passionate about her work, a patient's reflection on her cancer journey, a viewpoint on the issues surrounding Gardasil and a practice article on a patient's transition from general practice care to palliative care.

*Kai Tiaki Nursing New Zealand* is the official journal of the New Zealand Nurses' Organisation, incorporating the *New Zealand Nursing Journal (Kai Tiaki)* and *NZNU News*. Views expressed are not necessarily those of the New Zealand Nurses' Organisation. *Kai Tiaki Nursing New Zealand*, under a variety of titles, has been published continuously since 1908. *Kai Tiaki Nursing New Zealand* is a refereed or peer-reviewed journal. All clinical practice articles are independently reviewed by a practice article review committee of expert nurses (see below). When necessary, nursing and/or midwifery expertise is sought from outside the committee. *Kai Tiaki Nursing New Zealand* is indexed in the Cumulative Index to Nursing and Allied Health Literature and International Nursing Index. Material may be reprinted in other publications if prior permission is sought, the material is used in context and is credited to *Kai Tiaki Nursing New Zealand*.

**Kai Tiaki** is the Māori term for carer or guardian and has been incorporated in the title of the magazine since it was first published in 1908.

**Practice Article Review Committee:**

**Sha Panapa:** (Te Runanga o Aotearoa NZNO) RN. Senior lecturer at Whitireia Community Polytechnic, Porirua, Wellington. Focus — Māori health and well child health.
