A certificate for
2 hours professional development will be provided

Your **Local Organising Group (LOG)** invites all NZNO members to attend the professional forum being held in Hamilton on **11 November 2026**.

Living with Dementia – Dementia Management

Millions of people live with dementia globally, meaning nurses across acute care, long-term facilities, and community health frequently encounter patients with cognitive impairment. Nurses and carers must understand and respond to behaviours, identify triggers, de-escalate and manage patient anxiety. They must distinguish clinical presentations from other acute conditions.

This forum enhances clinical knowledge about dementia to optimise patient outcomes and support caregiver resilience.

Date:	**Wednesday 11 November 2026**
Time:	Nibbles and networking from 5.00pm. Forum starts 5.30pm until 7.30pm
Venue:	The Link, 2 Te Aroha Street, Hamilton
RSVP:	To register please email **hamilton@nzno.org.nz** **before Monday 2 November** 2026
