

ANCHORED IN CONNECTION

ABOUT US

Pūmanawa Jewellery is a collection of artisan-made earrings handcrafted from natural shells that are ethically collected in alignment with the maramataka.

Anchored in connection, Pūmanawa is more than jewellery, each taonga invites the wearer to reconnect with te taiao and the unseen connections that bind us all.

Each taonga is one of a kind, ever changing like the tides, and grounded in the natural rhythm of the moana.

Sustainably made and in harmony with the environment, these timeless designs embody both beauty and meaning, offering a way to acknowledge the deep connection between whenua, te taiao, and tangata.
