

## National Monoclonal Antibodies Position Statement

The Cancer Nurses College have received a request from the Office of the Chief Nurse, Ministry of Health to participate in development of a national document on monoclonal antibodies for nurses.

Therefore, the committee is calling for expressions from interested CNC members who may wish to represent the college.

Interested applicants should have:

- Knowledge around the safe reconstitution and handling of monoclonal antibodies in cancer care
- Experience in administration of monoclonal antibodies
- A confident voice to represent cancer nurses

Aim of the OCN is to convene (virtual most likely) representatives in the next 4 weeks. Terms of reference and full aims of project to be determined.

Representatives on this national group will include pharmacists, nurses working with monoclonal antibodies outside the cancer arena, Te Aho o Te Kahu (Cancer Agency).

Please submit a brief summary of suitability for this role to the CNC committee before 30th April 2021 to [cancernursesnz@gmail.com](mailto:cancernursesnz@gmail.com)
