

GUIDELINES FOR CANCER NURSES COLLEGE (CNC), NZNO Roche Scholarship for Post Graduate Study Applications

Thank you for your interest in applying for a CNC, NZNO Scholarship for postgraduate study.

This scholarship is a one off \$2,000 award to be used for postgraduate study for nurses.

Please read the following guidelines for application:

1. The full scholarship is awarded to one nurse to undertake a postgraduate paper that will further their knowledge in the field of nursing.
2. Applicants wishing to apply for the CNC Roche Scholarship must be registered members of CNC for at least two years. Non-members can be considered for an alternative grant under special funding from Roche - See Guidelines for Education Grants.
3. Scholarship applications must be submitted on the CNC Grant/ Scholarship Application Form. This form is available on the [Grants and Awards](#) page of the CNC website and should be forwarded to the CNC by email at cancernursesnz@gmail.com once completed.
4. You may apply for one form of funding only. Please indicate clearly on the form which one you are applying for. The scholarship can only be awarded once to an individual nurse.
5. Applications for the scholarship will be considered at a CNC committee meeting in anticipation of study in the following year.
6. The scholarship being awarded will be subject to the availability of funds.
7. If the scholarship is not fully utilised on postgraduate study, the remaining funds should be returned to the CNC.
8. Written report – It is expected that the knowledge gained from study should be shared. A report of approx. 500 words is required within six working weeks of completing the postgraduate study for consideration for publication in CancerNet.
 - a. Your report should include recommendations for improvements or changes to practice with supportive images preferable. Please ensure the report is sent in a Word document to the CNC on the email address below.
9. In reviewing your application, the CNC National Committee will take into consideration:
 - Access to other avenues of funding,
 - the length of service of the applicant in cancer related work, and
 - the number and amount of previous applications and grants awarded for other CNC funding options.
10. The application for scholarship needs to include an invoice with the Applicant's name on it for postgraduate study.

We look forward to receiving applications for this scholarship.

CNC National Committee
