

Kia ora koutou katoa

A huge thanks to the Christchurch emergency nurses' team who are making preparations to host this year's national CENNZ conference. They exemplify readiness to respond during times of crisis.

The CENNZ committee has finalised approval of a large number of conference grants at our meeting last week.

The CENNZ Annual General Meeting (AGM) will be held during the conference. This allows the national committee to report back on our work over the last year and the ways we have endeavoured to support you.

This is also an opportunity for the membership to raise issues and ask questions through a remit or item for general business during the AGM. We welcome your contributions to promoting and supporting emergency nursing, and the priorities of our work.

The remits and draft document updates will be circulated prior to conference. Our aim is to have the updated position statement on safe staffing ready for consultation and approval.

There are/will be vacancies for regional representatives from Top of the South and Mid Central on the national committee. Please take time to consider whether you or one of your colleagues may be interested in the role of representing your region. If you would like more information regarding what is required to be on the CENNZ national committee, please talk to your regional rep, visit our website for information https://www.nzno.org.nz/groups/colleges_sections/colleges/college_of_emergency_nurses/contact_us or feel free to contact me via email cennzchair@gmail.com

We look forward to seeing as many of you as possible at conference in November.

Ngā mihi nui

Sue Stebbeings
