

**Advanced Emergency Nurses Network (AENN) / Nurse Practitioner Network
Report
2022 Annual General Meeting
College of Emergency Nurses New Zealand (NZNO)**

Advanced Emergency Nurse Network

The demands and restrictions of this year for all emergency departments has caused major barriers to organising and hosting study days. Unfortunately, the study day that was scheduled for March 2022 is now on **18 October 2023** due to deferral of conference.

There are many CENZ members who have indicated interest in being part of the AENN and have been added to the contact email list. A priority for next year is restarting connection and education opportunities.

The possibility of arranging an online event or webinar is under consideration. Online access has been requested in the past from those unable to travel.

The committee would appreciate expressions of interest from people or groups of people who would like to host or organize a study day or webinar. Contact address is emergency@nzno.org.nz or cennzchair@gmail.com while the role of AENN coordinator is vacant.

Please get in touch if you are interested in becoming the coordinator for this network.

Nurse Practitioner Network

A forum for NPs on 10 November in Wellington is being arranged by Jo King and Sue Addison.

Current interests are access to appropriate specialty professional development and establishing a roadmap to guide new NPs.

The contact person to be added to the Nurse Practitioner email network is susan.stebbeings@northlanddhb.org.nz
