Australian College of Nursing

Voice of Influence

Enrolled Nurse Education today and in the future

**Community Services &
Industry Skills Council
(CS&ISC) is collaborating with
the EN Subject Matter Expert
Group (SMEG)**

Undergraduate Course Units

- Repetition & confusing language in some units leading to inconsistency
- Proposed the IVT unit of competence be included as a core component
- language used in the units needs to be tightened particularly for medication assessment 'in the workplace' instead of the simulation option

Advanced Diploma Inclusions

- Perform intravenous cannulation for sample collection
- Review some of the Advanced Diploma units and their relevance to industry needs

**Await outcome of
New Zealand's
Proposed Enrolled Nurse Graduate
Support Programme**

Enrolled Nurse

Work Environments

Every time you see
Family and Friends,
Hug them and tell them you
LOVE THEM,
'Cause you just don't know
what's around the Corner!!
