**Competencies and educational standards**

Suzanne gave an update of the educational standards

Busy couple of months and with tight time frames – Aug and Dec. En education standards hoping to get to the next meeting with all parties and consultation to start in Aug and out for an 8week period. EN and RN competencies and RN and code of conduct will come out all together to consulted on.

All the education prep there was discussion on diploma, the hours and transition and length of the program. If looked at lengthen the time or moving the diploma there will be complications with other parties involved. Best interest with work within the frame work.

Options around what to do with credits with Diploma and to move out the hours from the level 4 papers and have more credits at level 5 and 30 credit transition at level 6. And a 6week placement to end and at the choice of the EN and try to end in the intention of where the student would like to work. By having more papers in level 5 and 6 it will with the BN program but enables to the Ens to be different to the career/support worker program.

Competency work still a lot discussion going on. Waiting on a draft to gauge an idea of where this is going and to avoid any confusion. They have brought in Jan Dewer who is doing the RN competencies.

Meeting Closed (*Time*):

Next meeting/teleconference will be held (*Date and Time*):

Date minutes confirmed (usually done at next meeting)	7/8/23
Signed	
Name	Melissa Peterson (Vice Chairperson)
