Continence NZ National Conference 2023

Continence NZ supports people with continence concerns, caregivers, health professionals, and the general public by providing information and education on continence topics as well as raising awareness of continence-related issues.

We are excited to welcome you to Tāmaki Makaurau Auckland for the Continence NZ National Conference.

This conference is created and designed for all those working in continence care, including but not limited to those working within the Nursing, Aged Care, Pelvic Health Physiotherapy, Occupational Therapy, Disability, and Education fields. The conference will run over two days, and our programme will cover a range of continence-related topics for both adults and children.

September in Auckland is a special time marking the beginning of spring – pink petals bloom on cherry blossom trees and daffodils sprout everywhere. With the city buzzing with events, Auckland is the perfect place to visit, explore, and welcome the warmer weather and longer days.

Save the dates and plan to connect, share information, learn, and have fun together with colleagues working in continence care.
