

I am pleased to highlight that we have four Teleclass topics pending for October, presented by four experienced and interesting speakers. Also in this month, we are able to offer free access to all Webber Training Members to Didier Pittet's [Clean Hospital Digital Days](#).

We need your ideas and advice for topics and speakers for the 2022 teleclass schedule. Please reach out to let us know what you think.

Remember, if you can't join a live teleclass broadcast, your registration gets you unlimited access to the on-line recording too.
