<b>Please write a report on how the scholarship has related to the relevance and worth to your practice since receiving this award. You may also attach documents to the report, for example publications, ethics approval, locality approval etc.</b>	<p>I would like to express my gratitude for having been the recipient of the Effie Redwood Endowment Fund. I have had a very successful year, thus far, with both clinical placements and university assessments. Even being given a job opportunity within a local GP practice once I complete my registration at the end of 2017. I used the allocated scholarship funds to purchase study material such as medical books, stationary and printing. Along with these resources I also used a small portion to fund travel expenses for clinical placements. These funds have facilitated my success this year and made my study experience much more enjoyable knowing I had the resources available. Many thanks once again for the scholarship during my second year of nursing.</p> <p>Warm regards, Deborah McCarthy</p>
