

THE NEW ZEALAND
NURSING EDUCATION AND
RESEARCH FOUNDATION

BEQUESTS AND DONATIONS

How YOU Can Support Nursing Education and Research

Incorporated under the Charitable Trusts Act 1957

Patron: Dame Margaret Bazley

The Nursing Education and Research Foundation (NERF) was created by a Trust Deed on 12 September, 1968.

PURPOSE:

To establish and maintain a fund to provide scholarships, travel grants, and other assistance to New Zealand nurses, to enable them to do nursing research and acquire specialised knowledge and/or qualifications in connection with their profession of nursing.

The generosity of many benefactors through donations and the extraordinary generosity of a small number of bequests, along with the careful management of funds has enabled NERF trustees to continue to distribute funds to New Zealand Nurses Organisation members in support of ongoing education and research.
