Please write a report on how the scholarship has contributed to nursing and to your own professional development. You can also attach documents to the report.	<p>This scholarship went completely towards my nursing studies for semester 5 of my nursing degree. I am now about to sit my state exam and become a fully registered nurse. Obtaining this scholarship in my degree also made me stand out in regards to my curriculum vitae, and I believe this is one of the reasons I was able to secure a job interview at my dream job (nurse at an emergency department). The support from NZNO pushed me to achieve great grades to the best of my ability- with obtaining an A grade for my hardest paper this semester (still waiting on other grades to come in). The financial support has helped to pay off my student loan, which will give me a greater head start in the future as I pay off my degree and enter into further studies to help my achieve my goals.</p> <p>Thank you very much NZNO for all your support and for choosing me as an applicant- was over the moon when I discovered that I had become the recipient of this scholarship and cannot thank you enough!</p>
