

New Zealand Nurses Organisation

With you from the beginning, strengthening your future

Welcome to the New Zealand Nurses Organisation (NZNO). We're the largest nursing and midwifery organisation in New Zealand and we're here to support you through your studies and on to your career as a nurse.

We want to make sure you get the best from your studies and all the support you need in your clinical placements and work in the health sector.

Join

Joining NZNO entitles you to professional and industrial support, indemnity insurance and legal support, a wide range of scholarships and grants, free health insurance, a specialist health library and a suite of discounts and commercial benefits.

Membership for nursing and midwifery students is only \$43 per year. (Although, if you work part time in the health sector, you'll only need to pay the reduced subscription rate that applies to caregivers and health care assistants.)

Indemnity insurance

Indemnity insurance protection is vital. During your study, NZNO student members are covered free of charge.

NZNO's indemnity insurance provides cover of up to a total of \$1,000,000 per year for defending any accusations or claims against you related to your professional practice.

Get in touch with other students like you

National Student Unit and Te Rūnanga Taurira

The NZNO National Student and it's Māori arm Te Rūnanga Taurira, Te Rūnanga o Aotearoa, NZNO represent student concerns at the highest levels, from the NZNO board room to the Ministry of Health.

We're always looking for students who are keen to make a difference. If you're interested, get in touch.
