**History Corner - The Dissector Journal**

* The first *Theatre Nurses Seminar* was held in Wellington in 1973 where 187 nurses from around NZ attended & it was decided to create a journal to keep in touch with these nurses.

* The 1st Editor was Pam Marley as she volunteered to ‘give it a go’ & the first edition was published in 1974 with a green cover & a MacDonalds dissector lying across the cover.

* This 1st edition was sent free of charge to all the 187 nurses who attended the first national seminar & all ‘Theatre Supervisors’ at every public & private hospital in NZ.

* 1975 saw 2 editions per year increasing to 4 editions per year in 1978.

* 1980 saw a colour set introduced for each publication month. February = blue, May = orange, August = red & November = green & subscription was included with the college membership fee.

* 1981 saw the cover change to what you see today.

* In 1986 each region was to provide articles & regional updates to assist copy production.

**Introducing Tracey Lee**

Tracey is the Auckland /Northland representative on the National Committee and holds the portfolio for the Dissector Journal.

Tracey trained at Southern Institute of Technology and graduated in 2006 where she went into the new graduate programme at Southland DHB and straight into the Operating Rooms. In her four years there she worked across specialities then moved to Auckland to work in the Starship Hospitals Operating Rooms at Auckland DHB. After working for a couple of years in the paediatric orthopaedic team she went on to become Starship ORs Nurse Educator and started her now completed Masters in Nursing qualification. She went on to gain a new position as Nurse Consultant for the perioperative directorate, working across all five of the ADHBs OR departments and now holds a position in a new role as Perioperative Associate Nurse Director for Workforce Development, Education and Training.

Tracey is the secretary for the Auckland/Northland regional committee and assists with local PNC activities including study days. She is a member of the Dissector editorial committee and would like to encourage all PNC members to think about publishing articles on areas of interest and can do so through the dissector chief editor. * Over the 44 years there have been 14 Editors & 7 Publishers. Current Editor is Shona Edwards & current Publisher is Advantage Publishing Ltd.

* The NZNO library holds bound copies of every edition and in 2011 The Dissector became searchable internationally via GALE – CENGAGE databases.

* And as Pam Marley stated in 1991 “Gaining enough copy was always a challenge” in her article “An Issue of Copy” (Vol 18, No 1, June 1991) in which she states “A journal is only as good as its members and I challenge you to put pen to paper and write an article for publication”

A problem that lingers today – so visit Dissector page on website – click here
Done post grad study? – spent ages on that great assignment. Turn it into a great article to share & incentive to publish cash payment!

Thank you to Emma Brooks for sharing your knowledge on PNC and writing the PNC history corner
