

23rd April 2022

Dear PNC Members

I hope you all managed to have a bit of a break over the Easter Period.

Please see below the link to register for our inaugural Online Professional Development Platform!

This is the first of a monthly session aimed to fulfil some of the Professional Development requirements of the PNC membership. Each of our regions will be hosting a session every month. This session is hosted by our Wellington region and features two topics that we hope you will all find interesting. This is scheduled for 7pm on the 28th of April. You will have the opportunity to ask questions during the sessions. Please register via the link below.

As you are aware, we have had to postpone our annual conference twice now. These sessions are aimed at enabling our members to access Professional Development that cannot be interrupted by COVID.

We are still moving ahead with our Conference in Christchurch this year. The team there have put together a wonderful program-please look at the website here <https://perioperativeconference2022.co.nz/registration/>

These online sessions will get us all back into the swing of Professional Development before we join, in person, for a wonderful Face to Face Conference.

Best wishes
