

Where we fly

Angel Flight NZ can fly you anywhere you need to go, and take you back when you're done.

**ANGEL
FLIGHT**
IMPROVING LIVES ONE FLIGHT AT A TIME

Charitable flights for patients

We are a nationwide network of volunteer pilots and planes, that may provide free flights to hospitals or specialist facilities for patients and caregivers. Our volunteer drivers meet every flight and provide transport to the hospital, clinic or surgery.

What is Angel Flight NZ?

Angel Flight NZ is a registered New Zealand charity comprising of over 160 volunteers, including 65 pilots.

We offer charitable flights to patients and caregivers to get to medical facilities. We help those who need to travel long distances for non-urgent medical treatment but don't qualify for the Air Ambulance service and for whom ground transport is unavailable or would be stressful.

We are nationwide, so can help carry patients throughout New Zealand.

All our volunteer Pilots exceed the minimum requirements of the Civil Aviation Authority for private flying in New Zealand.

The Angel Flight NZ service is available to anyone who is referred to us by a Healthcare Professional – Social Workers, Nurses, Doctors, Salvation Army, Plunket Nurses and PHOs.

This approach has been successfully adopted in the USA, Canada, and Australia where thousands of people have benefited from this service.

Now Kiwis can do the same.

Angel Flight NZ guidelines

Angel Flight NZ might be able to help if the patient:

- Lives outside main centres, so has to travel to central medical facilities.
- Doesn't qualify for the Air Ambulance service but would find road transport taxing or difficult.
- Won't require medical support during flight.
- Faces financial hardship.

To request a flight, visit: www.angelflightnz.co.nz

Contact details

Health professionals wishing to initiate an Angel Flight NZ mission should either register at www.angelflightnz.co.nz and then complete the on-line flight request form. Or contact us and we can do this for you.

We require a minimum of seven days notice, especially when the passenger must meet pre-arranged medical bookings.
