

NZ COLLEGE OF PRIMARY HEALTH CARE NURSES URGENT CARE NURSES NETWORK

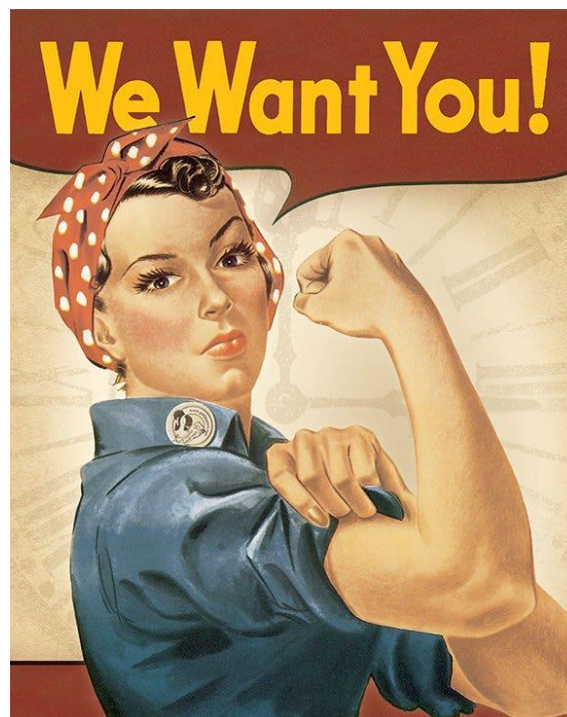

NZCPHCN have developed a network for Urgent Care Nurses, to build a collective voice in this specialized area of nursing. The network will develop specific training to meet the needs of Urgent Care Nurses and create a progression pathway from

New Graduate Nurse to Nurse Practitioner in Urgent Care, all in collaboration with you!

We recognize that Urgent Care is a very complex specialty area of healthcare that requires specific training and support to ensure that Urgent Care patients receive the best possible outcomes.

To be a part of the Urgent Care Nurses Network, you need to be nursing in Urgent Care, or interested in and looking to nurse within Urgent Care.

Student Nurses in their pre-registration placement within Urgent Care are also eligible to join.
