

# Stomal Therapy Week 2025

AASTN + NZNOCSTN

**23-29th June 2025**

Recognising the connection between ostomates and those who support them

---

**Living with a stoma is not just about adapting, it's about thriving.**

---

Stomal Therapy Week is an opportunity to raise awareness, reduce stigma and promote inclusivity for ostomates across New Zealand/ Aotearoa and Australia.

We honour the journey of people with stomas and recognise those who support them with compassion and expertise. Celebrating Stomal Therapy Week with gratitude for the incredible resilience and strength of people with stomas worldwide.

You are more than your stoma - your strength, resilience and journey inspire us all. Ostomateship means you are not alone - we are here to support you every step of the way.
