

# Stomal Therapy Week 2025

AASTN + NZNOCSTN

**23-29th June 2025**

Recognising the connection between ostomates and those who support them

---

**Happy Stomal Therapy Week  
to all who make a difference !**

---

Stomal Therapy Week is an opportunity to highlight the crucial role of those who support people with stomas.

Let's recognise the contribution made by families, carers, ostomy associations, industry, stoma support groups, stomal therapy nurses and other members of the health care team for empowering ostomates with knowledge, support and care.

Expressing gratitude to the supporters of ostomates and acknowledging your invaluable role in providing emotional support, practical assistance and encouragement. Your contributions have not gone unnoticed and are deeply appreciated.
