New Work Plans

- **Topic One:** NZNO branding to increase the visibility of NZNO, and to acknowledge member's active involvement.
- **Topic Two:** increase visibility of both industrial and professional arms on NZNO
- **Topic Three:** Further Comments

He waka eke noa

We're all in this waka together

Freed to Care, Proud to Nurse

"Our waka, Our way"

The rear of the waka - taurapa, or stern points the waka into the wind. It represents the involvement of Kaumātua and honorary members.

The kaiārahi or steerers – senior staff/delegates/chairs. Their responsibility is to keep things on track.

The kaihautū represents our leaders – CEO, Kaiwhakahaere, President and Board. They set the beat, giving instructions to the steerers

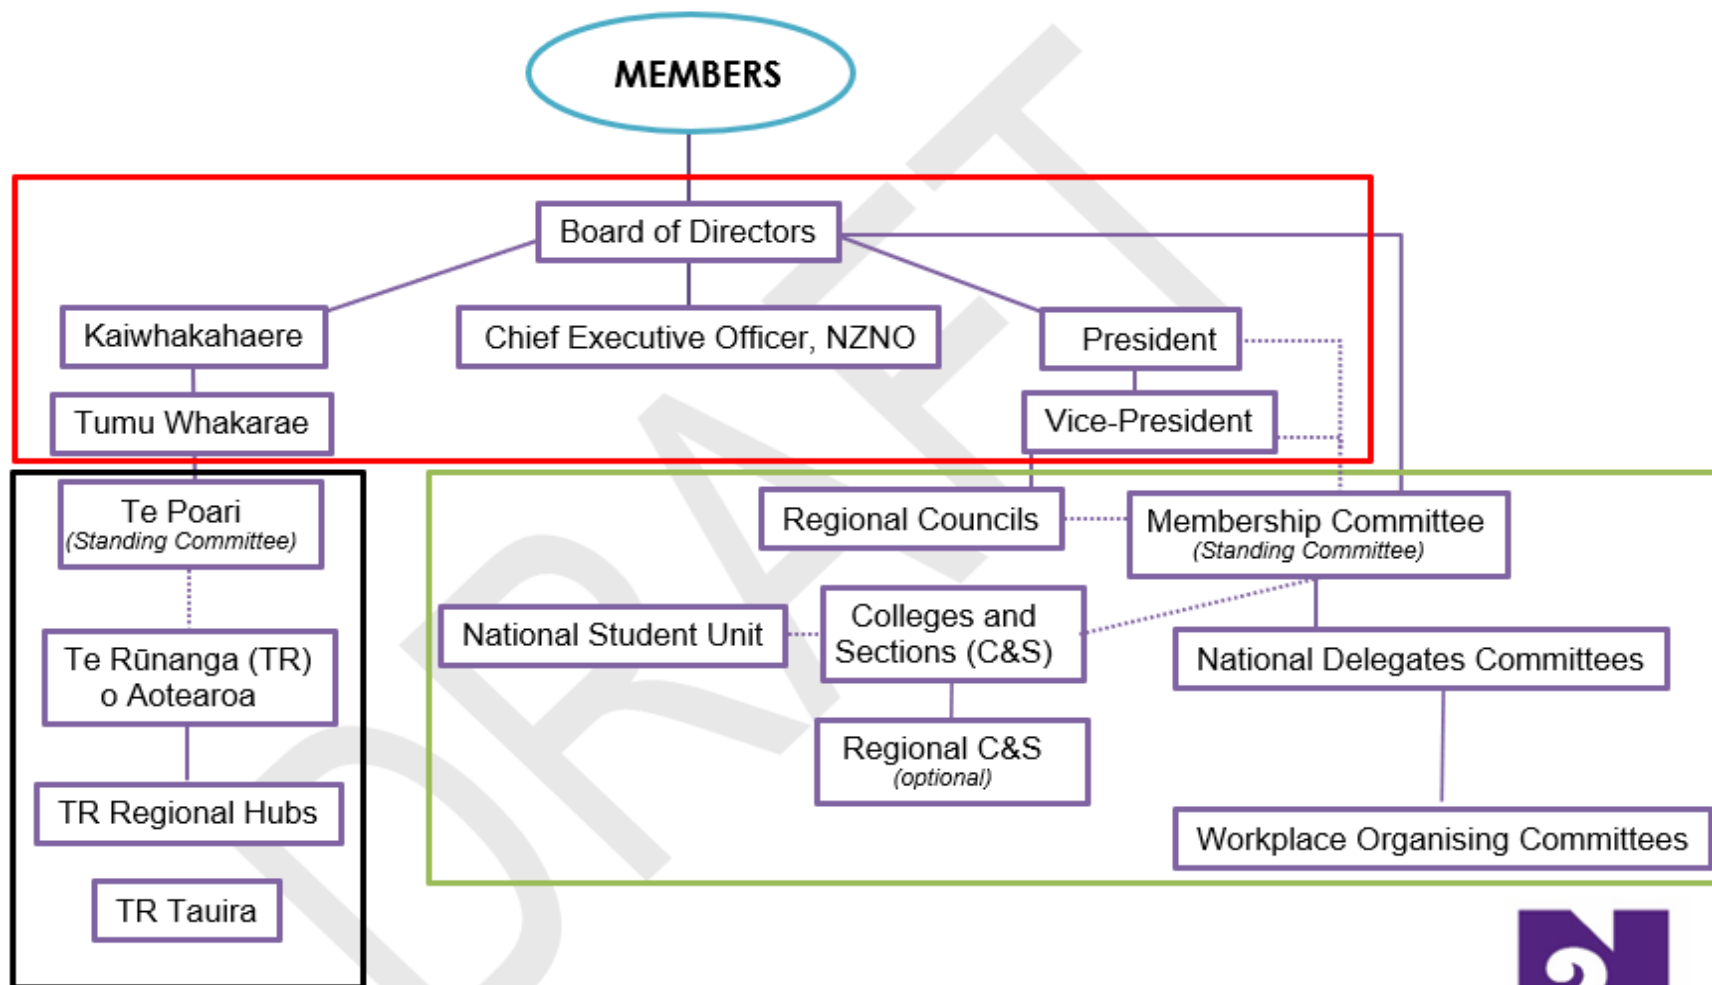

The tauihu - prow, along with the other carvings, contains the mana of the waka. It's NZNO's mandate from the members, guided by our Constitution and Strategic Plan

The kaihoe - paddlers, ensure NZNO's goals are met. They are the actively engaged members and staff

The riu - hull is the cradle of NZNO representing the membership

The hoe - paddles power the waka. The resources, structures, that support our activities
