# Kai Tiaki Nursing Research

*Kai Tiaki Nursing Research* is an internationally, double-blinded, peer-reviewed nursing research journal, published by the New Zealand Nurses Organisation. It contains research manuscripts from New Zealand-based nurse researchers (or other researchers where the research can be shown to have relevance to nursing in New Zealand).

Papers in all areas of nursing are welcome. Authors should present original work, or new and original analysis of existing work. Letters to the editor are also published. All articles and manuscripts will be subjected to the same rigorous review process.
