Vol. 25 No. 4
MAY 2019

THIS MONTH’S issue has a focus on nurse practitioners (NPs), with profiles of a number of NPs and a report on their recent conference. There’s also a reflection on the mosque shootings and the story of a nurse who has received a lung transplant. CPD4nurses examines non-steroidal anti-inflammatory drugs.

Kai Tiaki Nursing New Zealand is the official journal of the New Zealand Nurses’ Organisation. Tōpūtanga Tapuhi Kaitiaki o Aotearoa. Views expressed are not necessarily those of NZNO. Kai Tiaki Nursing New Zealand, under a variety of titles, has been published continuously since 1908.

Kai Tiaki Nursing New Zealand is a peer-reviewed journal. All clinical practice articles are independently reviewed by expert nurses/researchers (see below). It is indexed in the Cumulative Index to Nursing and Allied Health Literature and International Nursing Index.

Kai Tiaki Nursing New Zealand retains copyright for material published in the journal. Authors wanting to re-publish material elsewhere are free to do so, provided prior permission is sought, the material is used in context and Kai Tiaki Nursing New Zealand is acknowledged as the first publisher.

Kai Tiaki is the Māori term for carer or guardian and has always been incorporated in the title of the magazine.

Co-editors:
Teresa O’Connor, Anne Manchester, Kathy Stodart and Mary Longmore.

Practice article review process:
Clinical practice, education and research articles are critiqued for publication in Kai Tiaki Nursing New Zealand by nurses/educators/researchers with expertise in the subject area of the article, and by the co-editors.
